In the original publication of the above paper, there was an error in Figure 6(b). Specifically, the region for case 2 was incorrectly illustrated. It should cover the union of $\{(x_1, x_2, x_3) \in \mathbb{R}^3 \mid x_1 = x_2 > x_3 > 0\}$ and $\{(x_1, x_2, x_3) \in \mathbb{R}^3 \mid x_1 > x_2 = x_3 > 0\}$, while the original figure only showed the former.
